

**Dear Sir/Madam,**

Apex Educational Services organising an Educational Fair since last 11 Years with various News Channels. Telangana's Education Fair 2023 is a unique platform where young professionals and educationists will come together to generate new opportunities and carve out new & hitherto unexplored avenues that are mutually beneficial. As one of the largest education fairs in this region, Telangana's Education Fair's timing is apt. At the verge of the result declaration, students make up their mind to pursue a certain career of their choice. Education Fair is the best option for them as both the students and parents can collect vital information on programs and institutions of higher learning to pursue their future education.

A visit to the Education Fair marks a new phase in many students' life. This fair helps them in decision making not only on their choice of the program but also provides a platform for the educational institutes to help them build their future. Telangana's Education Fair thus becomes a strong medium bridging the gap between the students and the institutes
